Effectively dealing with bullying - School 7 in partnership with **NJ Child Assault Prevention (NJCAP)** initiated an anti-bullying program which utilizes a three-pronged approach to prevention. This approach emphasizes awareness and prevention training for school staff, parents *and* children. Workshops train children to recognize potentially dangerous situations and to make effective use of NJCAP strategies to deal with these situations. NJCAP emphasizes self-assertion, peer support, communication and reporting skills in their bullying prevention strategies.
